

# SOUTH PETHERTON and Moor

**Distance:** 2 ½ miles

**Target Time:** 1 hour & 5 minutes

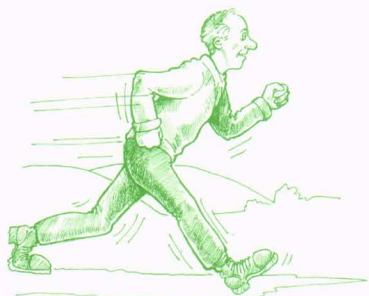

**Description:** One moderate ascent, otherwise fairly level. Pavements and field footpaths. One short section is muddy when wet.

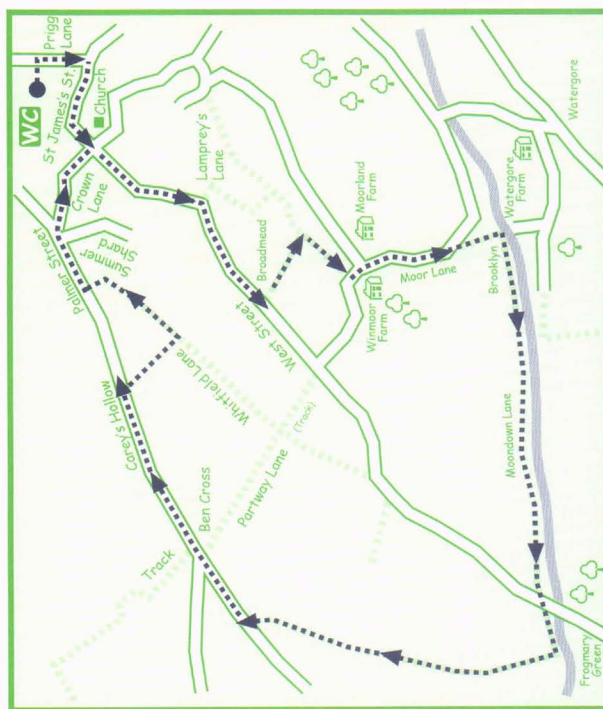

**Start:** Prigg Lane Car Park

1. Turn right out of car park along Prigg Lane. At junction, turn right along St James Street. Turn left opposite the "Brewers Arms" along West Street. Continue along West Street for almost ½ mile, and turn left along signed footpath immediately before Moor Villa's.
2. Follow path through kissing gate, and continue straight ahead. At last house on left hand side, turn right across field towards detached house to meet lane. Turn left along lane. Just before A303 and where lane bends left, turn right along track to right hand side of bungalow. Track soon bears right alongside A303, ignore nursery on right hand side and continue straight ahead along grassy track (muddy in places when wet). Follow path through bridle gates to eventually meet road.

3. Straight across road and continue along track at bottom of field, after 100 yards turn right along track uphill towards old metal shed. At top of hill continue straight ahead along track keeping hedge on left hand side.

4. Where hedge ends, track bears left to meet lane. Turn right along lane for 175 yards to junction. Turn right along track (signposted Partway Lane), and almost immediately turn left into field (signposted Whitfield Lane), straight ahead along edge of fields keeping hedge and lane on left hand side. At end of second field ignore steps on left hand side and bear right around edge of field keeping conifer hedge on left hand side.
5. At end of hedge turn left along track, track becomes surfaced and bears left to meet lane. Turn right along lane to junction. Turn right along road and after 50 yards turn right along Crown Lane. At junction turn left along West Street and retrace route to return to car park.
